

# Where Do We Go From Here? (Toyoto Alphard TVCM)

With BLAKE

Music: Yasuo Higuchi/Lyrics: Chidori & Casey Rankin

## Hayley

I stand before you with open arms  
And pray you believe that we'll never part  
Tho' time may affect us, in ways we don't realize

## Blake

I'm here at your side no matter what may come  
You're dearest to me, you're my only one  
Tho' the world that surrounds us may be constantly  
changing

## Together

We are one heart – A melody never ending  
Hand in Hand – Heart to Heart  
Overcome any sorrow  
We believe in tomorrow

## Hayley

I will always  
I will always be here, right by your side

## Blake

Look where we are – Far beyond the horizon

## Hayley – Blake

What more can we say – Nothing can be said  
What more must we feel – All our heart's can take  
What do we do now – Nothing more can be done  
Love has brought us near – Made everything so clear

## Hayley

Where do we go from here

## Blake

Before you I knew only lonely nights  
My distant horizons were cloudy skies  
A world that was empty, filled only with darkness

## Hayley

Till you I could offer no reason nor rhyme  
Nothing around me was marching in time  
I lived in a shadow – There was nothing that gave me light

## Together

Now we're here as one – Two hearts beating in harmony  
Day and Night – Night and Day  
Overcome any sorrow  
We believe in tomorrow

## Hayley

I will always  
I will always be here, right by your side

## Blake

Look where we are – Far beyond the horizon

## Hayley – Blake

What more can we say – Nothing can be said  
What more must we feel – All our heart's can take  
What do we do now – Nothing more can be done

Love has brought us near – Made everything so clear

## Hayley

Where do we go from here

## Together

As time passes by I realize  
Our love is a gift from the Gods on high  
And a love such as ours only happens in paradise

## Blake

Day and night – Hand in hand  
Overcome any sorrow  
We believe in tomorrow

## Hayley

I will always  
I will always be here, right by your side

## Blake

Look where we are – Far beyond the horizon

## Hayley – Blake

What more can we say – Nothing can be said  
What more must we feel – All our heart's can take

## Together

Hand in hand – Heart to heart  
Overcome any sorrow  
We believe in tomorrow  
I will always  
I will always be here, right by your side

Look where we are – Far beyond the horizon  
What more can we say – Nothing can be said  
What more must we feel – All our heart's can take  
What do we do now – Nothing more can be done  
Love has brought us near – Made everything so clear

## Hayley

Where do we go from here

## Together

Ah... From here
