

# Cosmos

*Music & Lyrics: Masashi Sada*  
*English Lyric: Hayley Westenra*

Sweet cosmos in a pink shadow  
In the warm daylight you glow  
Just like my Mama  
Bathed in a gentle yellow  
She is fragile  
I love her so

Together we sit in the sun  
We turn album pages one by one  
Mama tells me stories like it's the end  
She tells them like we'll never meet again

And on this warm autumn day we stand  
Mother, daughter hand in hand  
Our love burns brighter than before  
And then you tell me to take care  
Tell me not to fear  
Tomorrow, my wedding, my leaving here  
Take care

Memories are running round and round  
How I wish I could go back now  
To the times I didn't realise your love  
To the times I kept to myself

Leaving with my many bags  
I can tell from your eyes you are sad  
That I must go, but it is time  
It is time  
My love, my love will stay behind

And on this warm autumn day we stand  
Mother, daughter hand in hand  
Our love burns brighter than before  
And then you tell me to take care  
Tell me not to fear  
Tomorrow, my wedding, my leaving here  
Take care

# Flower

*Music & Lyrics: HAL (Hal)*  
*English Lyric: Hayley Westenra*

So to the sky let us bloom like flow'rs of love  
Even the clouds cannot shadow our endless love  
You just keep reaching to the stars above  
And believe your dreams will come true

I look upon your face and into your sad eyes  
I see the crosses you bear  
But you are still so young  
And with so many years to come  
You have too many cares

When you have so far to go it is easy to be blind  
To all that keeps us marching on  
And to what we are out to find

So to the sky let us bloom like flow'rs of love  
Even the clouds cannot shadow our endless love  
You just keep reaching to the stars above  
And believe your dreams will come true

The morning comes without fail  
It never waits for me  
The sun shines too brightly  
I'm always late out the door  
I'm always wanting more  
That's every day for me

But then I see your smile  
And I feel the warmth in your heart  
The colours all around shine brighter  
Now can you feel summer here at last?

So to the sky let us bloom like flow'rs of love  
Even the clouds cannot shadow our endless love  
You just keep reaching to the stars above  
And believe your dreams will come true

Today you may feel that there is a hole in your heart  
But if you just keep on holding on  
One day you'll find that missing part

So to the sky let us bloom like flow'rs of love  
Even the clouds cannot shadow our endless love  
Now is the time to let any fears turn to dust  
And believe your dreams will come true

So to the sky let us bloom like flow'rs of love  
Even the clouds cannot shadow our endless love  
Now is the time to let any fears turn to dust  
And believe your dreams will come true

*Lyrics: Satoru Wakako*

*Music: Yumi Kimura*

*English Lyric: Hayley Westenra*

A voice calls softly  
It calls from within  
To trust my steps  
And to keep on dreaming

Around night falls and all turns to grey  
But I hold a light to light my way

The sky is a clear blue no matter what we do  
The road is long  
But I see the light  
That shines at the end the arms reaching in  
I know that you are waiting for me

Though sorrows, troubles may gather up high  
Broken pieces fall from the sky  
Memories though sad  
Will hold something true  
Shattered glass pieces  
Reflect something new

La, la, la...

A voice calls softly  
It calls from within  
To trust my steps  
And to keep on dreaming

Around night falls and all turns to grey  
But I hold a light deep in my heart  
I knew you were waiting right from the start

La, la, la...

# Love, Love, Love

*Lyrics: Miwa Yoshida*

*Music: Masato Nakamura*

Whenever I  
Try to tell you everything I feel inside  
The words get in the way  
And though my heart has tried  
Lu lu lu lu lu  
I wish that I could sing it to you now

A love song  
Like the one I hear before the morning comes  
In my dreams it always sounds so clear and strong  
Lu lu lu lu lu  
I wish that you could hear it too somehow

Whenever I  
Try to show you all the love I feel inside  
It never seems enough and tears just fill my eyes  
Lu lu lu lu lu  
I wish that I could say it better now

I guess I want to say that love remains  
No matter how time fades away

I love you  
I love you  
Lu lu lu lu lu  
I wish that I could sing it to you now  
I wish that I could say it better now

Love, love, love I sing to you  
Love I bring to you

Love, love, love I sing to you  
Love I bring to you

Love  
I bring to you

Love  
Lu lu lu

# Mama E (To Mother)

*Lyrics: Thelma Aoyama*

*Music: Kaori Yakubi*

*English Lyric: Hayley Westenra*

Twenty years of my life  
Just like a star in the night  
She lit my way  
And watched me as I lay

When the tears were abound  
She would turn me back around  
Oh Mama can't you see  
You mean everything to me

Stormy times when I fell down  
She'd lift me from the ground  
Put the fire back inside o' me  
She never let me down

The days we cried, the days we laughed  
Even the days we fought  
The times we wiled away hours on our deepest thoughts  
Mama, our time, is always on my mind

The nights when shadows chased me around my room  
You laid beside me, pulled me from my gloom  
Mama, can you hear, whispers in the air?  
Arigato

Shattered pieces on the ground  
Fallen without any sound  
Yet you still could hear them fall  
The shattered mirror ball

Helping re-build again  
Towering so tall again  
I can see my dreams  
And touch the stars

Short words and my insolence  
Sorry if I wore you down  
Now I see all you gave me  
I will never let you down

The days we cried, the days we laughed  
Even the days we fought  
The times we wiled away hours on our deepest thoughts  
Mama, please don't cry, you helped me to fly

The nights when shadows chased me around my room  
You laid beside me, pulled me from my gloom  
Mama, our dream, lives on me  
Forever

The torch you gave to me  
I hold for all to see  
It helps me through bad weather  
The warmth is comforting

I know you're here  
Your up above  
The sky shimmers with love

My heart  
Lies open  
To you my shining star

The days we cried, the days we laughed  
Even the days we fought  
The times we wiled away hours on our deepest thoughts  
Mama, please don't cry, you helped me to fly

The nights when shadows chased me around my room  
You laid beside me, pulled me from my gloom  
Mama, can you hear, whispers in the air?  
Arigato

# Mirai E (To the Future)

*Music & Lyrics: Chiharu Tamaki*  
*English Lyric: Hayley Westenra*

Won't you look down upon you feet  
This road is yours to take  
Look ahead  
That is yours too  
All the stars shine brightly to guide you  
Reach out, this hand is here for you

Mother, so kind  
You gave everything and more to me  
A torch to hold  
A heart of glod  
Words to live for, to help me  
You said love to not forget  
Being young I did not understand  
But you held my hand  
Walked along with me

Dreams are always up high  
Hanging just from our reach  
But that's what keeps us striding on  
Through clouds of uncertainty

This road is my story  
Why would I give up?  
What have I to lose?  
Blank pages before me  
Are crying out for words

To my Mother so kind  
You know that I apologize  
For the times I turned away

Won't you look down upon you feet  
This road is yours to take  
Look ahead  
That is yours too  
All the stars shine brightly to guide you  
Reach out, this hand is here for you

To my Mother so kind  
You know that I apologize  
For the times I turned away

Won't you look down upon you feet  
This road is yours to take  
Look ahead  
That is yours too  
All the stars shine brightly to guide you  
Reach out, this hand is here for you

Won't you look down upon you feet  
This road is yours to take  
Look ahead  
That is yours too  
All the stars shine brightly to guide you  
Reach out, this hand is here for you

I can see in front of me  
A sky of colours  
From red to gold

Reach out, reach out, this hand is here to hold you  
Reach out, reach out, this hand is here to guide you

# Mikazuki (Crescent Moon)

*Lyrics: Ayaka*

*Music: Yoshihiko Nishio*

*English Lyric: Hayley Westenra*

Together for a lifetime  
I was so sure you'd always be mine  
An ocean never ending  
Now the tide has turned I fear

Wondering how to live life without you  
Trying to find something to hold on to  
Without you... woah, ah, ah...

I keep my eyes on the road ahead  
Through all the tears that my eyes have shed  
And then I look up to the sky above  
Hoping to feel some of your love, woah  
Can you see in the blackened sky  
This crescent moon, drifting way up high?  
Wherever you may be tonight  
I hope you see this moon bright  
Woah...

You said we'd stay together  
All the hard times we could weather  
But I felt words unspoken  
Now our ending line is clear

Wondering how to live life without you  
Trying to find something to hold on to  
Without you... woah, ah, ah...

I keep my eyes on the road ahead  
Through all the tears that my eyes have shed  
And then I look up to the sky above  
Hoping to feel some of your love

I am seeing things not seen before  
I am reaching out for something more  
Still your arms around me  
They keep me warm  
I'm finding it so hard to move on

I keep my eyes on the road ahead  
Through all the tears that my eyes have shed  
And then I look up to the sky above  
Hoping to feel some of your love, woah  
Can you see in the blackened sky  
This crescent moon, drifting way up high?  
Wherever you may be tonight  
I hope you see this moon bright

Shine your light on me  
Shine your light on me

# Mother of Mine

*Music & Lyrics: Bill Parkinson*

Mother of mine you gave to me  
All of my life to do as I please  
I owe everything I have to you  
Mother, sweet Mother of mine

Mother of mine when I was young  
You showed me the right way  
Things had to be done  
Without your love where would I be  
Mother, sweet Mother of mine

Mother you gave me happiness  
Much more than words can say  
I pray to the Lord that he may bless you  
Every night and every day

Mother of mine now I am grown  
And I can walk straight all on my own  
I'd like to give you what you gave to me  
Mother, sweet Mother of mine

Mother you gave me happiness  
Much more than words can say  
I pray to the Lord that he may bless you  
Every night and every day

Mother of mine now I am grown  
And I can walk straight all on my own  
I'd like to give you what you gave to me  
Mother, sweet Mother of mine  
Mother, sweet Mother of mine

# Tsubomi (Buds)

*Music & Lyrics: K. Obuchi*  
*English Lyric: Hayley Westenra*

Only now I know of time  
 For too long I have  
 Drifted, never turning back  
 Now I am standing, the tide  
 Drawing me  
 I never felt so weak  
 'Cos you mean everything to me

Only you I feel your love  
 Golden, burning  
 Covering just like a glove  
 I feel the warmth of your gaze  
 Over me  
 Never felt such tranquility inside of me

And like a distant dream I see  
 The blossom vanishing  
 Just as each bud finally is blossoming  
 And I watch each petal dance  
 It's way over to me  
 They fall  
 They fall  
 They fall  
 All around me

I am here with you  
 You are here with me  
 Your smile and your loving face  
 Is everything I see  
 And, in this town  
 The memories you left behind  
 Swirl round and around  
 And forever I'm searching for the light  
 On a cloud away from time  
 Where our memories can shine  
 Wait for me and we can live them all  
 Again

Only now do I see you  
 In the way that other people do  
 I see you clearer than before  
 And love you more  
 I never knew that I would feel this way

And like a distant dream I see  
 The blossom vanishing  
 Just as each bud finally is blossoming  
 And I watch each petal dance  
 It's way over to me  
 They fall  
 They fall  
 They fall  
 All around me

I am here with you  
 You are here with me  
 Your smile and your loving face  
 Is everything I see  
 And, in this town  
 The memories you left behind

Swirl round and around  
 And forever I'm searching for the light  
 On a cloud away from time  
 Where our memories can shine  
 Wait for me and we can live them all  
 Again

I am here with you  
 You are here with me  
 Your smile and your loving face  
 Is everything I see  
 I am here with you  
 You are here with me  
 Your smile and your loving face  
 Is everything I see

I am here with you  
 You are here with me  
 Your smile and your loving face  
 Is everything I see  
 And, in this town  
 The memories you left behind  
 Swirl round and around  
 And forever I'm searching for the light  
 On a cloud away from time  
 Where our memories can shine  
 Wait for me and we can live them all  
 Again

*Lyrics: Misako Koja*

*Music: Kazuya Sahara*

*English Lyric: Hayley Westenra*

Gentle child, you have my love  
Born to this world from heaven above  
Light in your eyes  
Breath in your cry  
You are an angel  
Sent from the sky

Irayo hey, irayo hooi  
Irayo, oh, my loving child  
Don't cry baby  
Hey yo hey yo  
The light above  
Will keep blessing you  
Grow strong baby  
Hey yo hey yo  
I am watching over you

On summer days when sun burns strong  
I will fan you, keep you cool  
On winter nights when ice winds blow  
I will hold you, keep you close

Irayo hey, irayo hooi  
Irayo, oh, my loving child  
Don't cry baby  
Hey yo hey yo  
The light above  
Will keep blessing you  
Grow strong baby  
Hey yo hey yo  
I am watching over you

Stormy clouds may surround  
Serpentine, follow us around  
We must carry on with the light  
Held in our hearts, glowing bright

Irayo hey, irayo hooi  
Irayo, oh, my loving child  
Don't cry baby  
Hey yo hey yo  
The light above  
Will keep blessing you  
Grow strong baby  
Hey yo hey yo  
I am watching over you
